AEROFICHE EXPLANATION AND REVISION STATUS

The Parts Catalog information incorporated in this set of Aerofiche cards has been arranged in accordance with the general specifications of Aerofiche adopted by the General Aircraft Manufacturer's Association.

Conversion of Aerofiche alpha/numeric code numbers:

First number is the Aerofiche card identifier.

Letter is the horizontal line reference per card.

Second number is the vertical line reference per card.

Example: 2J16 = Aerofiche card number two of given set. Grid location J16.

To aid in locating the various sections and related information desired, the following is provided:

A complete Catalog Table of Contents is given at Grid 1A8 of Aerofiche card number 1 of this set. Each additional card in this set will have a Table of Contents for all sections on that particular card. This table will start at Grid A3.

REVISIONS

The information compiled in this Aerofiche Parts Catalog will be kept current by revisions distributed periodically. These revisions will supersede all previous revisions and will be complete Aerofiche card replacements and shall supersede Aerofiche cards of the same number in the set.

Current Revisions to this PA-34-200T Parts Catalog issued August 12, 1974 are as follows:

761 589 (PR750812).....	Dated August 1975
761 589 (PR751231)	Dated December 1975
761 589 (PR760924).....	Dated September 1976
761 589 (PR770218).....	Dated February 1977
761 589 (PR770912).....	Dated September 1977
761 589 (PR780912).....	Dated September 1978
761 589 (PR790814).....	Dated August 1979
761 589 (PR800312).....	Dated March 1980
761 589 (PR800818).....	Dated August 1980
761 589 (PR810422).....	Dated April 1981
761 589 (PR830509).....	Dated May 1983

NOTE: Refer to the last card of the Piper - Parts Price List - Aerofiche for a check list of current revision dates and card effectivities for this parts catalog.

INTRODUCTION

This illustrated Parts Catalog is designed to provide simple but positive identification of replacement parts for the Piper Model PA-34-200T "Seneca II" manufactured by the Piper Aircraft Corporation of Vero Beach, Florida.

NOTE: UNDER NO CIRCUMSTANCES SHALL THIS CATALOG BE USED FOR RIGGING AND INSTALLATION PURPOSES.

It is suggested that this catalog be thoroughly studied to determine its arrangement prior to its utilization.

1. The catalog is divided into eleven (11) major sections described as follows:
 - a. Section I to X inclusive contains all replacement parts for the complete airplane. Each section is subdivided and each division includes an illustration and a parts listing.
 - b. Section XI is the Miscellaneous Group. This group includes an illustration and parts list for the Placards and Exterior Stencils and a listing of the Optional Equipment Kits, Repair Kits and Special Tools.
2. The following is a brief explanation of the columns in the parts lists: (Refer to EXAMPLE below).
 - a. The "FIGURE AND INDEX NUMBER" column indicates the illustration figure number and its part index number. EXAMPLE: (2-1), the 2 is the figure number and the 1 is the index number. The figure number appears only at the top of each parts list page.
 - b. The "PART NUMBER" column contains the identifying number of the replacement part and this number must be shown on all Parts Orders.
 - c. The "CODE" column is for the purpose of indicating special uses of the part. An explanation of the letter code used is shown on the grid (page) preceding each parts listing and pertains to that listing only.

ALL PARTS CODED WITH A "W" MUST BE PURCHASED FROM
PIPER AIRCRAFT CORPORATION, LOCK HAVEN, PENNA.

ALL PARTS NOT CODED WITH A "W" MUST BE PURCHASED FROM
PIPER AIRCRAFT CORPORATION, VERO BEACH, FLORIDA.

- d. The "NOMENCLATURE" column indicates the part name. This name must be shown on all Parts Orders.
- e. The "NO. REQ." (Number Required) column represents the total quantity of parts used per aircraft per figure when the part is not indented and the quantity of parts used per assembly when the part is indented. The symbol "AR" listed in the column means "As Required".
- f. The "SERIAL NUMBERS AFFECTED" column indicates the part application by airplane serial number.

EXAMPLE					
Figure and Index Number	Part Number	Code	NOMENCLATURE	No. Req.	SERIAL NUMBERS AFFECTED
2-1	XXXXX-XX		DOOR ASSEMBLY - Baggage compartment	X	
-2	XXXXX-XX		* TUBE ASSEMBLY - Baggage door latch	X	
-3	XXXXX-XX		* * CLEVIS - Door latch tube assembly	X	
-4	XXXXX-XX		* * CLIP - Door latch tube assembly	X	

In the Nomenclature column, the next higher assembly relationship of items covered is shown by the degree of indentation of each item and is indicated by an asterisk (*). One asterisk signifies one indentation, two signifies two indentions, etc. The example listing above is interpreted as follows:

If the DOOR ASSEMBLY (not indented) is ordered, it will include the three items indented under the Door Assembly.

If the TUBE ASSEMBLY (indented one space) is ordered, it will include the two items indented under the Tube Assembly.

If you want only a CLEVIS or CLIP, you order only that item.

PIPER PARTS CATALOG

3. The "ATTACHING PARTS" such as nuts, bolts, screws, etc., that are available as commercial hardware items, are not generally supplied by the Piper Aircraft Corporation. The catalog lists, for your convenience, those attaching parts required for main assemblies and installations. The identifying number for these parts appears after the part name.

4. All items of Optional Equipment are contained in the parts list in their proper sequence and sections. These items were not marked optional, since they are fully identified by their descriptions.

HOW TO IDENTIFY A PART IF YOU KNOW WHAT IT LOOKS LIKE AND KNOW WHERE IT IS LOCATED

1. Refer to Figure 1 to determine the section number in which the part is used.
2. Refer to the Table of Contents and locate the section. Note the figure numbers that illustrate the various subgroups of this main section.
 - a. Select the Figure title you think might contain the part you wish to identify and turn to the page specified.
3. NOTE: If you don't find the part on this illustration, try another figure in this group.
4. Refer to the "Figure and Index Number" in the Parts Listing for complete description of the part.

HOW TO ORDER PARTS

In ordering parts for your Piper Airplanes, observe the following instructions which will aid in your getting the right parts required without delay:

- a. Place your order with the distributor or dealer for your territory, since parts are available only through our distributor organization.
- b. Always specify the model and serial number of your airplane.
- c. Always specify Part Number, Name, Type and Quantity Required.
- d. Specify the method of shipment - Freight, express, parcel post, air express, air freight or air parcel post. Where the nature of the shipment requires it or when no instructions are given, we reserve the right to ship the most suitable way.

GENERAL INFORMATION

a. Shortages

All orders are checked and re-checked before leaving our Shipping Department. A packing slip is enclosed with the shipment and claims for errors or shortages must be made within three (3) days after receipt of orders.

b. Returned Goods

No material should be returned to us without first securing our written permission. Material sent in without notice will be held at the owner's risk for thirty (30) days and will then be disposed of as we see fit.

Transportation charges must be PREPAID on returned goods or the shipment will be refused.

c. Transportation Liabilities

The Piper Aircraft Corporation cannot be held liable for damages to parts in transit from the factory. If a shipment is received in a damaged condition, have the delivery man or Transportation Company make a notation of the damage and file your claim with the Carrier. In case of concealed damage, do not attempt to remove the part from the shipping container, or endeavor to repair the damage, but call the Carrier and have his Claim Agent inspect the damage before filing your claim with the Carrier.

PIPER PARTS CATALOG

PA-34-200T SERIAL NUMBER INFORMATION

The following information should be kept in mind when ordering from this Catalog:

a. The serial numbers of the aircraft covered by this Parts Catalog are as follows:

- (1) Serial numbers of the 1975 PA-34-200T "Seneca II" Models are 34-7570001 to 34-7570337 inclusive.
- (2) Serial numbers of the 1976 PA-34-200T "Seneca II" Models are 34-7670001 to 34-7670393 inclusive.
- (3) Serial numbers of the 1977 PA-34-200T "Seneca II" Models are 34-7770001 to 34-7770441 inclusive.
- (4) Serial numbers of the 1978 PA-34-200T "Seneca II" Models are 34-7870001 to 34-7870492 inclusive.
- (5) Serial numbers of the 1979 PA-34-200T "Seneca II" Models are 34-7970001 to 34-7970556 inclusive.
- (6) Serial numbers of the 1980 PA-34-200T "Seneca II" Models are 34-8070001 to 34-8070377 inclusive.
- (7) Serial numbers of the 1981 PA-34-200T "Seneca II" Models are 34-8170001 to 34-8170092 inclusive.

SERIAL NUMBER EXPLANATION

The Serial Number on the Manufactures Identification Plate is based on a 4-number set system. The first number set defines the Type Certificate Designation, the second set is the Model Year, the third set is the Model Code, while the fourth set is the Model Sequence Number (within a model year).

CODE EXPLANATIONS FOR FIGURE 2

- A - See Figure 3 for component parts.
- B - See Figure 4 for component parts.
- C - See Figure 60 for component parts.
- D - See Figure 63 for component parts.
- E - See Figure 5 for component parts.
- F - See Figure 6 for component parts.
- G - Used on aircraft with serial numbers 34-7570001 to 34-7670103 inclusive. If Flap Assembly 95650-00 or 95650-01 has been replaced with 37773-02 or 37773-03, order same part number stamped on identification plate, located on the outboard rib.
- H - Used if optional center fuel cell is not installed.
- J - Used if optional center fuel cell is installed.
- K - Items 16 through 26 on Figure 49 are components of this assembly.
- L - Complete kit required if replacing safety walk compound painted on wing.
- M - Used if air conditioning is installed.
- N - Used with thermoplastic wing tip only.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

Figure 25. Seats Installation

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 25

- A - Refer to Figure 26 if vertically adjustable front seats are installed, and Figure 27B if aft facing center seats are installed.
- B - When ordering this part, serial number of aircraft must be supplied. When ordering for serial nos. 34-7570001 to 34-7670393 incl., specify color red, blue/green, gold, black or green. When ordering for serial nos. 34-7770001 to 34-7970005 incl., specify color red (color code 7326), blue (color code 7327), gold (color code 7328), black, green, navajo sepia, navajo cactus, yellow/dark red, or blue/green. When ordering for serial nos. 34-7970006 and up, specify color red (color code 792), blue (color code 793), gold (color code 794), navajo sepia, or navajo cactus. Also specify trim color black or camel, if applicable, for 1977 and up model aircraft.
- C - If Seat Assembly incorporates a "U" shaped handle for the seat track releasing mechanism, order part for PA-34-200T with serial numbers 34-7570262 and up.
- D - Used if aft facing center seats are installed.
- E - When ordering specify color red, blue/green, gold, black, green or bark. Specify color "bark I" for serial numbers 34-7770001 to 34-7770164 inclusive. Specify color "bark II" for serial numbers 34-7770165 and up.
- F - When ordering, specify color olivetone, raspberry, or tan for serial nos. 34-7870001 to 34-7970556 incl. Specify color midnight blue (color code 785) for serial nos. 34-7870001 to 34-7970271 incl., or dark blue (color code 796) for serial nos. 34-7970272 and up. Specify color firethorn red, buckskin, or dark cedar for serial nos. 34-8070001 and up.
- G - When ordering, specify color camel, olivetone, raspberry, tan, firethorn red, buckskin, or dark cedar. Specify color midnight blue (color code 785) for serial nos. 34-7770001 to 34-7970271 incl., or dark blue (color code 796) for serial nos. 34-7970272 and up. Also specify color of support assemblies camel or black.
- H - When ordering, specify color camel or black.
- J - Before ordering, ascertain O.D. at center of seat roller. If O.D. of roller measures .42, (2) rollers P/N 87332-02 must be ordered. If O.D. of roller measures .62, order roller(s) as required.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

PIPER PARTS CATALOG

Figure 26. Vertically Adjustable Front Seat Assembly

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 26

- A - When ordering this part, serial number of aircraft must be supplied. When ordering for serial numbers 34-7570001 to 34-7670393 incl., specify color red, blue/green, gold, black, or green. When ordering for serial nos. 34-7770001 to 34-7970005 incl., specify color red (color code 7326), blue (color code 7327), gold (color code 7328), black, green, navajo sepia, navajo cactus, yellow/ dark red, or blue/green. When ordering for serial numbers 34-7970006 and up, specify color red (color code 792), blue (color code 793), gold (color code 794), navajo sepia, or navajo cactus. Also specify trim color black or camel, if applicable, for 1977 and up model aircraft.
- B - If Seat Assembly incorporates a "U" shaped handle for the seat track releasing mechanism, order part for PA-34-200T with serial numbers 34-7570262 and up.
- C - When ordering, specify color red, blue/green, gold, black, green, or bark. Specify color "bark I" for serial numbers 34-7770001 to 34-7770164 inclusive. Specify color "bark II" for serial numbers 34-7770165 and up.
- D - Used if seat adjustment control assembly 76445-00 (P. L. Porter Co. P/N SL10100 Rev. B) is installed.
- E - Used if seat adjustment control assembly 587 404 (Gas Spring Corp. P/N 06-10-080-310-025) is installed.
- F - When ordering, specify color olivetone, raspberry, or tan for serial nos. 34-7870001 to 34-7970556 incl. Specify color midnight blue (color code 785) for serial nos. 34-7970001 to 34-7970271 incl., or dark blue (color code 796) for serial nos. 34-7970272 and up. Specify color firethorn red, buckskin, or dark cedar for serial nos. 34-8070001 and up.
- G - Used if Seat Assembly incorporates a "U" shaped handle for the seat track releasing mechanism.
- H - Before ordering, ascertain O.D. at center of seat roller. If O.D. of roller measures .42, (2) rollers P/N 87332-02 must be ordered. If O.D. of roller measures .62, order roller(s) as required.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 28

- A - When ordering, specify color red, blue/green, gold, black, green, camel or mocha.
- B - When ordering, specify color red, blue/green, tan, black, avocado or bark. Specify color "bark I" for serial numbers 34-7770001 to 34-7770164 inclusive. Specify color "bark II" for serial numbers 34-7770165 and up.
- C - When ordering, specify color red, blue, tan, black, gray, green or bark. Specify color "bark I" for serial numbers 34-7770001 to 34-7770164 inclusive. Specify color "bark II" for serial numbers 34-7770165 and up.
- D - Used if dual instruments are installed.
- E - Used if NSD-360 is installed.
- F - Also used on aircraft with serial numbers 34-7570001 to 34-7670308 inclusive if Auxiliary Fuel System Modification Kit 760 926 has been installed per Service Letter 754.
- G - Used if optional center fuel cell is not installed.
- H - Used if optional center fuel cell is installed.
- J - Used on aircraft with serial numbers 34-7570001 to 34-7570337 inclusive if Magnetic Compass Relocation Kit 760 795 has been installed per Service Letter 761.
- K - Used on airplanes with serial numbers 34-7570001 to 34-7570327 inclusive if Avionics Bus Relay By-Pass Modification Kit 761 133 has been installed per Service Bulletin 553.
- L - Used when radios are installed in place of glove compartment box.
- M - Used if King KFC-200 Flight Control System is installed.
- N - Used if air conditioning is installed.
- O - See Figure 81 if AutoControl IIIB is installed, or Figure 81A if AltiMatic IIIC is installed.
- P - Instrument not approved for IFR.
- Q - When ordering, specify color "bark II" or black.
- R - Includes cable assembly.
- S - Do not mix tachometer P/N 37629-02 with tachometer P/N 87379-02 on the same aircraft. Use either (2) tachometers P/N 37629-02 or (2) tachometers P/N 87379-02.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

Figure 29 Gyro Pressure System Installation

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 29

- A - See Figure 31 if Pneumatic De-Icer System is installed.
- B - Used with Vacuum Pump P/N 26749-07 (Airborne 211CC) and P/N 26749-08 (Airborne 212CW) only.
- C - Used with Vacuum Pump P/N 36535-02 (Edo-Aire IU128-002) only.
- D - Used if Aeritalia directional gyro is installed.
- E - If Pneumatic Pump Inlet Filter Relocation Kit 763 919 has been installed per Service Letter 889, order part for serial nos. 34-8070038 and up.
- F - Also used on serial nos. 34-7570001 to 34-7870492 incl. if Pneumatic Pump Inlet Filter Relocation has been installed per Service Letter 889.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

(Serial Nos. 34-7670137 and up)

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 30A

- A - Used if Single Instrument System is installed.
- B - Used if Dual Instrument System is installed.
- C - Used if rate of climb instrument is installed.
- D - Used if rate of climb instrument is not installed.
- E - Used if encoding altimeter is installed.
- F - Used if AltiMatic III C with omni coupler is installed on serial numbers 34-7770186, 34-7770264 and up.
- G - See Figure 88 if Narco AR-500 or United 5125-P3 Altitude Reporter is installed.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

This technical drawing is an exploded view of a mechanical assembly, likely a pump or motor unit. The components are numbered 1 through 38. The main assembly consists of a cylindrical body (1) with a flange (2) and a mounting bracket (3). A motor (4) is connected to the body via a shaft (5) and a coupling (6). The motor has a base (7) and a terminal box (8). A control unit (9) is connected to the motor via a cable (10). The control unit has a display (11) and a control knob (12). A pressure gauge (13) is connected to the system via a hose (14) and a fitting (15). A filter (16) is located at the inlet of the system. A pump (17) is connected to the system via a hose (18) and a fitting (19). A valve (20) is used to control the flow of the fluid. A pressure sensor (21) is connected to the system via a hose (22) and a fitting (23). A control unit (24) is connected to the sensor via a cable (25). The control unit has a display (26) and a control knob (27). A pressure gauge (28) is connected to the system via a hose (29) and a fitting (30). A filter (31) is located at the inlet of the system. A pump (32) is connected to the system via a hose (33) and a fitting (34). A valve (35) is used to control the flow of the fluid. A pressure sensor (36) is connected to the system via a hose (37) and a fitting (38).

WARNING

The information contained in this manual is periodically revised. Piper Aircraft Corporation urges all users of this manual to keep it current. Contact your nearest Piper Aircraft Corporation distributor to arrange for a subscription to future revisions.

NOTE

Revision service is available in microfiche format only.

PIPER PARTS CATALOG

AEROFICHE EXPLANATION AND REVISION STATUS

The Parts Catalog information incorporated in this set of Aerofiche cards has been arranged in accordance with the general specifications of Aerofiche adopted by the General Aircraft Manufacturer's Association.

Conversion of Aerofiche alpha/numeric code numbers:

First number is the Aerofiche card identifier.

Letter is the horizontal line reference per card.

Second number is the vertical line reference per card.

Example: 2J16 = Aerofiche card number two of given set. Grid location J16.

To aid in locating the various sections and related information desired, the following is provided:

A complete Catalog Table of Contents is given at Grid 1A8 of Aerofiche card number 1 of this set. Each additional card in this set will have a Table of Contents for all sections on that particular card. This table will start at Grid A3.

REVISIONS

The information compiled in this Aerofiche Parts Catalog will be kept current by revisions distributed periodically. These revisions will supersede all previous revisions and will be complete Aerofiche card replacements and shall supersede Aerofiche cards of the same number in the set.

Current Revisions to this PA-34-200T Parts Catalog issued August 12, 1974 are as follows:

761 589 (PR750812)	Dated August 1975
761 589 (PR751231)	Dated December 1975
761 589 (PR760924)	Dated September 1976
761 589 (PR770218)	Dated February 1977
761 589 (PR770912)	Dated September 1977
761 589 (PR780912)	Dated September 1978
761 589 (PR790814)	Dated August 1979
761 589 (PR800312)	Dated March 1980
761 589 (PR800818)	Dated August 1980
761 589 (PR810422)	Dated April 1981
761 589 (PR830509)	Dated May 1983

NOTE: Refer to the last card of the Piper - Parts Price List - Aerofiche for a check list of current revision dates and card effectivities for this parts catalog.

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 54

- A - See Figure 54A for component parts.
- B - Determine manufacture of governor assembly before ordering. Order governor assembly of same manufacture. Do not mix governor assemblies.
- C - Refer to Figure 54C if Propeller Synchrophaser System is installed.
- D - See Figure 54B for component parts.
- E - Used with Hartzell propeller assembly only.
- F - Used with McCauley propeller assembly only.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 54A

- A - Parts included in Propeller Repair Kits, Part No. 756 739 and Part No. 761 100.
- B - Used with Propeller Assemblies BHC-C2YF-2CKF/FC8459-8R and BHC-C2YF-2CLKF/FJC8459-8R.
- C - Used with Propeller Assemblies BHC-C2YF-2CKUF/FC8459-8R and BHC-C2YF-2CLKUF/FJC8459-8R.
- D - Propeller Assemblies BHC-C2YF-2CKF/FC8459-8R and BHC-C2YF-2CLKF/FJC8459-8R are to be installed as a pair and Propeller Assemblies BHC-C2YF-2CKUF/FC8459-8R and BHC-C2YF-2CLKUF/FJC8459-8R are to be installed as a pair. Do not mix Propeller Assemblies.
- E - Parts included in Propeller Repair Kit, Part No. 761 100.
- F - No longer available. Order one each of 550 970 and 550 971.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

CODE EXPLANATIONS FOR FIGURE 62

- A - Order part for serial numbers 34-7570309 and up if Auxiliary Fuel System Modification Kit 760 926 has been installed per Service Letter 754.
- B - Used on aircraft with serial numbers 34-7570308 inclusive if Auxiliary Fuel System Modification Kit 760 926 has been installed per Service Letter 754
- C - Used if engine hour meter is installed.
- D - Used if Magneto Pressurization Kit 764 921v has not been installed.
- E - Used if Magneto Pressurization Kit 764 921v has been installed.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 73

- A - See Figure 75 if wing tip strobe lights are installed.
- B - Used on aircraft with serial numbers 34-7570309 and up. Also used on aircraft with serial numbers 34-7570001 to 34-7570308 inclusive if Auxiliary Fuel System Modification Kit 760 926 only has been installed per Service Letter 754.
- C - Used on aircraft with serial numbers 34-7770001 and up if Optional Engine Primer System is installed. Also used on aircraft with serial numbers 34-7570001 to 34-7670393 inclusive if Auxiliary Fuel System Modification Kit 760 926 and Optional Engine Primer System Installation Kit 761 094 has been installed Per Service Letter 792.
- D - Used if automatic door light switch is installed.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

CODE EXPLANATIONS FOR FIGURE 74

- A - See Figure 75 if Wing Tip Strobe Lights are installed.
- B - Order part with serial numbers 34-7570309 and up if Auxiliary Fuel System Modification Kit 760 926 has been installed per Service Letter 754.
- C - Used on aircraft with serial numbers 34-7570001 to 34-7570308 inclusive if Auxiliary Fuel System Modification Kit 760 926 has been installed per Service Letter 754.
- D - When ordering specify color black or bark. Specify color "Bark I" for serial numbers 34-7770001 to 34-7770164 inclusive. Specify color "Bark II" or black for serial numbers 34-7770165 and up.
- E - Used on serial numbers 34-7570001 to 34-7570327 inclusive if Avionics Bus Relay By-pass Modification Kit 761 133 has been installed per Service Bulletin 553.
- F - See Figure 81B if King KFC-200 AutoPilot or King KFC-200 AutoPilot Flight Director is installed.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

(Serial Nos. 34-7970001 and up)

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR FIGURE 81B

- A - This installation is relative only to associated Piper Aircraft Corporation parts that are used when installing King KFC-200 AutoPilot/Flight Director. All King equipment and components must be procured from King Radio Corporation, 400 N. Rogers Road, Olathe, Kansas 66061.
- B - Used if Bendix Dual Nav/Com Radio is installed.
- C - Used if single instrument panel is installed.
- D - Used if dual instrument panel is installed and ice protection system is not installed.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

CODE EXPLANATIONS FOR FIGURE 89

- A - Used on aircraft that comply with C. A. A. (United Kingdom) requirements.
- B - Also used on aircraft with serial numbers 34-7570001 to 34-7570308 inclusive if Auxiliary Fuel System Modification Kit 760 926 has been installed per Service Letter 754.
- C - Used on airplanes with serial numbers 34-7570001 to 34-7570327 inclusive if Avionics Bus Relay By-pass Modification Kit 761 133 has been installed per Service Bulletin 553.
- D - Used if two blade propellers are installed.
- E - Used when dual omni coupler is installed.
- F - Used if King AutoPilot or King AutoPilot F/D (KFC-200) is installed.
- G - Used if air conditioning is installed.
- H - Used if Oxygen System is installed.
- J - Used if King AutoPilot or King AutoPilot F/D (KFC-200) and Bendix Dual Nav-Com is installed.
- K - On aircraft with serial numbers 34-7970001 to 34-8070159 inclusive only, order part for serial numbers 34-8070160 and up if Variable Potentiometer Kit 764 004 or complete Synchrophaser Kit 764 029 has been installed per Service Spares Letter 362.
- L - Used if a push on-off pitch trim switch is installed.
- M - Used if a toggle pitch trim switch is installed.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.

PIPER PARTS CATALOG

CODE EXPLANATIONS FOR OPTIONAL EQUIPMENT KITS AND REPAIR KITS

- A - Less seat assembly. See 7th Seat Installation, Figure 27, to order seat assembly required.
- B - Includes External Power Connector Plug Assembly.
- C - Used on Propeller Assemblies BHC-C2YF-2CKF/FC8459-8R and BHC-C2YF-2CLKF/FJC8459-8R.
- D - Used on Propeller Assemblies BHC-C2YF-2CKUF/FC8459-8R and BHC-C2YF-2CLKUF/FJC8459-8R.
- E - Refer to Figure 27B for component parts.
- F - If Hartzell governors are presently installed, also order governor assembly P/N 463-201 (E8L) for right engine. If Woodward governors are presently installed order governor assembly P/N 37845-03 (E-3) for left engine and P/N 463 201 (E8L) for right engine. On aircraft with serial nos. 34-7570001 to 34-7870474 incl., order Engine Control Cover Assy. P/N 95808-08 color red, blue/green, gold, black, green, "bark-I," or "bark II."
- G - Used with forward facing center seats only. Not to be used with aft facing seats.
- H - If aircraft is not equipped with a pilot operated boom mike switch (located on control wheel), order Boom Mike Installation Kit 764 044.
- J - This Kit is less headphone assembly P/N 464 407 which must be ordered separately.
- W - These parts must be ordered from Service Spares Department, Piper Aircraft, Lock Haven, Penna.
